This is true Justice

-Fused Zamasu. had to refund due to bad framerate on a 1080. Could've been decent but the game isn't optimized well.

. It's dead, Jim.

Two servers worldwide that are always empty, on top of that the server browser doesn't work properly, so you can't even play with friends.

Buy it only if you like playing against bots.. Not worth the time.. First impressions video. GIVEAWAY in the video <https://www.youtube.com/watch?v=LMcGrA-9fRY>. A somewhat dated platformer. But charming enough... Less than a couple of hours in total. Worth a buck or two, no more.. Unfortunately, there doesn't seem to be a way of playing the single scenarios - you can only play the campaign as Axis. I was very much looking forward to playing the single scenarios as Allies, what a disappointment! Please correct me if I'm wrong.... Way better than the first one! Totally worth the \$10.. A short shoot em up and bonus aru for 100% oj. I'd pay about 5 dollars for that.. Despite the hours I've invested in the game, I can't recommend it in any way.

WHAT TO DO

Shooting zombies. And shooting zombies. And shooting zombies. End of the game. Seriously, I could have not expected more, but after the first hour of gameplay I have seen everything this game has to offer, from weapons to different types of zombies. And boredom comes shortly after;

WHAT TO SEE

Very, very little. Cartoonish graphic seems more a choice to avoid more work than something implemented with certain criteria: basic textures, minimal and utterly ugly map design, zero special effect (I have seen better fire in a 10 y/o drawing);

WHAT TO HEAR

Decent soundtracks, I concede it. That said, the other sound effects go from the tragic (main menu, zombies' moans, etc.), to the mediocre (weapons' shooting effects).

HOW TO PLAY

YOU SPIN ME ROUND, ROUND, BABY ROUND ROUND....This could have been the song of this game. The gameplay can be summed up in one sequence: start the mission - grab a weapon - run in circle lighting up zombies - shoot'em up to increase multiplier - repeat until you die. That's all. Sometimes some food or other power ups will drop

from zombies, but nothing incredible.

WHERE TO DO

In a few, selected small maps. That's why your only choice is to run in circle: there's no damn space to move!!!!

So, a few guidelines if you saw this game in the store. Avoid it at full price, 100% guaranteed you won't lose anything. Even during sale, I dare to advice. When it had been released, this game probably was already outdated, and now there's simply no space for him in a videogames library.

Don't like review begging, but this is a good entry-level roguelike.. I only want to know why this game isn't popular enough. Can I get my money back? Nobody plays this game anymore.. My love daughter is a Cruel yet fun, Intriguing but repetitive game that seems more at home on a portable device than a PC. either way i enjoy my haunting experience with this game and can't recommend it enough. just make sure you have a podcast or something going on in the background.

7 / 10 - Good Game.

P.S. it's fun to know Full Metal Alchemist because i can make anime references worse than murdering my homunculi daughters.. You have a few starting options, including your career path and a mystery you can choose to pursue. The story starts off right when your powers first activate. You have no idea what this is and you just go from there. You can be as evil or as good as you want. Become more powerful or just live an ordinary life.

Pros:

- Lots of choices and options, not too much text.
- Stopping time is pretty awesome. Writer adds little details that really make you feel you're there.
- Can't talk about my favorite parts, too spoilery. But the author creates these really terrifying moments.
- Much longer than most CYOA stories.
- Good replay options and mysteries to uncover.

Cons:

- Needed more action. The story can get too focused on everyday life, rather than this amazing ability you have. Although you can spice it up by using your ability recklessly.
- I made a heroic choice early in the game and didn't think much of it. But the author assumed I wanted to play as a hero and kept describing all these heroic deeds I did in my downtime, without giving me the choice again. I would have liked to have the choice in this CYOA game, rather than someone assume this is how I wanted to play.
- Would have liked more puzzles and gambling opportunities.
- Gambling was very disappointing.
- Too much time spent on the boring characters and not enough time with the interesting ones.

Overall

- When it's good it's great, but there's times when the story just doesn't seem to move in the direction you want it to. I still think it's worth playing though.
